subpara 2 of 22 of (J)

Para 3 IV of 90 of (V)

Para 3 III of 91-90 (V)

In G.O.No.142 Mis., dated the 29th January 1930 Government postponed the collection of the suspended revenue of Fasli 1338 in 80 villages of Bellary Taluk and 4 villages of Siruguppa Taluk. In 31 villages of Bellary taluk, full land revenue is under suspension while in the remaining villages only half the land revenue is under suspension. I submit proposals for the collection of the suspended revenue.

2. The rainfall in the latter part of June and beginning of July helped the ryots to commence sowings of Mungari crops. But subsequent want of rain till the end of August stopped further sowings. Owing to the lateness of the rain, the sowings in mungari and hingari lands took place almost simultaneously with the result that the sowings of mungari crops were too late and long afterthe normal season. The rains in September and October bettered the condition of mungari crops which gave a fair outturn in most of the villages. The sowings of Hingari crops were completed and the rain received in November and December has improved their condition and the crops are expected to yield an outturn of 8 annas or more in most of the villages. The crops in the affected villages have been inspected by the Tahsildars concerned and the Revenue Divisional Officer, Bellary has also over-inspected the crops in some of the affected villages. He recommends that

that the suspended revenue in 49 villages of Bellary Taluk and 4 villages of Siruguppa taluk may be ordered to be collected along with the current kists and that 1/2 the suspended revenue in 31 villages of Bellary Taluk may be ~~xxdxxxxdxxxxxx~~ collected and the other half postponed, for collection to Fasli 1341. These proposals are based on the rough outturn statements of the several crops of each affected village. The actual outturn of the early sown crops and the probable outturn of the Hingari crops have been taken into account, and the outturn worked out according to the instructions under B.S.O. 14(5)(ii) note. The average outturn ranges from 0-6-4 to 0-9-6 i.e., from half to two thirds of the average yield. The recommendation of the Revenue Divisional Officer, Bellary, is endorsed. Lists showing the names of the affected villages, the average outturn of crops and the amount of Land Revenue under suspension are enclosed.

O.26 Vol. I
O.S. No. 1

Ops 5-9 C.F.

3. I am doubtful whether it will be possible to collect loan instalments in few villages and in a good many others. It is not only the case that outturn has been bad in a few villages but that prices have fallen suddenly (ground-nut to less than half) and that the sowcars have no money to lend. I shall submit separate proposals for the collection or otherwise of loan instalments.

4. I recommend that the suspended land revenue may be ordered to be collected, as follows:-

	Current kist.	Suspended amount.	Total.
February ...	0 4 0	0 4 0	0 8 0
March ...	0 8 0	...	0 8 0

I regret I did not make myself clear. The meaning of my recommendations was that half the land revenue in arrears should be collected this fasli and the other half suspended till next fasli when it will automatically be written off under the rules.

2. The amount to be written off in Fasli 1341 in the 31 villages will be Rs.31175-15-6. This represents half the amount noted against each village in statement No.III to my C.5952, dated 6-1-31.

Assessment - Land Revenue - Bellary - Suspended revenue of fasli 1338 - Collection - Proposals - Board's Refce. H.No.146-31-2 dated 26.1.31.

In paragraph 3 of its reference quoted above, the Board has supported the Collector's proposal that one half of the suspended revenue of fasli 1338 in 31 villages in Bellary taluk should be remitted, with reference to the instructions in paragraph 9 of B.S.O.14. Following the example given in that paragraph of the S.O., the amount will not ordinarily be ~~ripe for being~~ written off unless it is left uncollected in fasli 1341; ~~and it would naturally~~ follow that the question ~~of~~ whether this suspended amount should be collected or should be finally written off will not arise until next kist season (fasli 1341) - unless the circumstances are singularly pressing. The Board is requested to state whether in its opinion the circumstances are such as to

justify the writing-off of the suspended

amount forthwith, in the current fasli.

In G.O. 445 Rev., dat 4-3-29, the Government directed that in 53 villages of the Bellary District, half the revenue of F. 1338 should be collected ~~within that~~ and the collection of the remaining half postponed to fasli 1339 and in 31 other villages, the collection of the entire revenue of F. 1338 should be postponed to fasli 1339. In G.O 142 Rev. dated 29-1-1930, the Govt directed the postponement to fasli 1340 of the suspended revenue of fasli 1338 in all these 84 villages. The Collector of Bellary has now submitted proposals for the collection of this revenue. The Board supports the Collector's proposals.

land revenue should be remitted and the collection of the loan dues postponed and that if this is impossible, the arrears of last years land revenue should be remitted. The Board's remarks on these suggestions have not yet been received; but from the Board's reply to the C.F. reminder in the linked file, it is seen that these suggestions were before the Board when it made its proposals in this file.

3. In the circumstances explained in paragraph 2 of the Collector's letter in pp 3-4 C.F., the proposals in regard to the collection may be approved.

4. In paragraph 1 of his letter on p. 11 C.F., the Collector has stated that half of the jamma of 31 villages which he now proposes shall to keep in suspension — that the ~~half of the jamma proposed suspended~~ revenue which ordinarily would have fallen due in fasli 1338) ~~of fasli 1338~~ will be automatically written off in fasli 1341 under the rules. The Board has supported the recommendation that this amount should be written off with reference to the instructions in paragraph 9 of B.S.O. no. 14. Attention is invited to the "example" given in paragraph 9 of B.S.O. 14. According to this example, the arrear of fasli 1338 will be ripe for remission only if it is not collected in fasli 1341. The Board's attention may be invited to this "example" and its

may be asked to state whether orders should now be passed remitting this amount and if so to explain the circumstances necessitating them. A draft T.T. is submitted for approval. After the Board's reply is received a draft order approving the proposals will be submitted.

Agree, & submit that the Board should be asked — but in an R/L & not by means of a T.T. — to explain its proposal to write off the odd half of the revenue of Rs. 1338 of the 31 villages tabulated in Statement II (p. 9 c/f.). As the note above says, ordinarily one should follow the example given in para 9 of B.S.O. 14 & if one does so, the question of writing off the outstanding amount in Mount Abu will not arise for orders till 1st Fasli 1341 — next Rabi season. If its collection is then found to be impracticable, then & then only will the automatic writing-off follow.

I have amended the draft: & hope I have made my doubt clear. Apart from this point, the Board's proposals may be approved
